#### The Tortoise and the Hare

- 1 The hare always made fun of the tortoise for being slow. One day, the tortoise challenged the hare to a race, saying, "Let's see who can make it from this flag to that one first!"
- 2 "Ready, set, go!" The speedy hare took off at a sprint, shamelessly showing off how fast he was. The tortoise plodded along step by step, at his usual slow pace.
- 3 Halfway to the finish, the hare turned around and saw that the tortoise was far, far behind him. The hare decided to take a rest under a tree, and in no time he had fallen fast asleep! While the hare slept, the tortoise continued walking, ever so slowly.
- 4 Eventually, the tortoise overtook the hare! Even though he had taken the lead, he didn't ease up. He kept on going ever so slowly, doing the best he could to get himself to the finish.
- 5 The tortoise never gave up, plodding carefully and steadily along until he finally reached the finish, beating the hare!  
The moral of this story is that even if you are not as good as others at something, hard, continued efforts can bring you fantastic results.
